Subject: KRCD AFC - Socioeconomics

Joe:

As we discussed in our telephone conversation, I am providing this email as a record of conversation for you regarding an identified inconsistency in natural gas pipeline construction staffing estimates between Section 8.13 of the AFC and Supplement B of the AFC. The staffing estimates in Section 8.13 are the correct estimates. Because these are correct, the subsequent socioeconomic analysis that builds upon that information is also correct and does not need to be revised. The staffing estimates described in Table 4 of Section 2.0 of Appendix 8.1-3 (Revised) are incorrect.

Feel free to contact me or Amy Cuellar with any additional questions.

Thanks,
