Application for Certification for the  
Community Power Project

**DOCKET NO. 07-AFC-7**

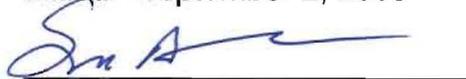

**KRCD's COMMUNITY POWER  
PROJECT STATUS REPORT  
NUMBER 4**

---

The Kings River Conservation District (KRCD) submits this Status Report Number 4 to update the Committee on progress related to the processing of its Community Power Plant (CPP).

KRCD anticipates that the San Joaquin Valley Air Pollution Control District (District) will be able to issue a Preliminary Determination of Compliance (PDOC) late this year. KRCD is close to procuring real-time ERCs as well as any of the remaining ERCs needed to satisfy the balance of required offsets. KRCD is also close to completing and submitting the transmission system impact studies and other additional information responsive to Staff's data request along with further engineering, development and procurement. KRCD anticipates filing the additional information responsive to Staff's data requests in late August or early September and will update the Committee in its next Status Report in October on further progress.

Dated: September 2, 2008
