NAME:	John McKenzie, SLO County Planning Department	DATE:	November 7, 2007
		TIME:	1:15 pm
WITH:	Mary Dyas		
SUBJECT:	San Luis Obispo County's interest in the CESF project		

I spoke with John McKenzie with the San Luis Obispo County Planning Department. He had numerous questions regarding our process and their involvement. He said they in the planning department definitely want to be involved with this project in our process to the extent possible.

They will more than likely be submitting comments on the AFC and John indicated that they have quite a bit of expertise in various technical areas if assistance is needed.

They definitely want to hear from us and are willing to help. John indicated that they have quite a bit of GIS layers as well as an expert, Terry Wahler, on land and agriculture issues in the area of the project (and county). Terry's number is (805) 781-5621.

The County's website is <http://www.slocounty.ca.gov/Page775.aspx>. He also said there is a list of qualified consultants they use and that address is [http://www.slocounty.ca.gov/planning/environmental/List\\_of\\_Qualified\\_Consultants.htm](http://www.slocounty.ca.gov/planning/environmental/List_of_Qualified_Consultants.htm)

SLO County wants to be involved with this project, so feel free to contact them if you have any questions.
