NAME:	Brian McCollough	DATE:	11/30/07
TIME:	3:00		
WITH:	Deb Hilyard		
SUBJECT:	California Department of Fish and Game (CDFG) Concerns		

COMMENTS:

Staff spoke with biologist Deb Hilyard to get a sense of any concerns that CDFG has regarding this project. Deb stated that CDFG would be providing comments on this project, and discussed how they use no-take agreements to deal with fully protected species, such as the blunt-nosed leopard lizard. Deb also discussed CDFG's monthly meetings with San Luis Obispo County officials, and the use of the kit fox habitat evaluation forms to evaluate mitigation ratios for kit fox. She also mentioned a preliminary application the county had received regarding a photovoltaic project occupying approximately 1200 acres to the east of the project site, and how that would raise the potential for cumulative impacts to wildlife corridors.
