Hello,

I would just like to reiterate that I am concerned about the school bus routes. All bus routes can be found on the Atascadero Unified School District Web Site- and are and have always been available for Ausra and URS.

Ausra's buses, employee traffic, maintenance vehicles and truck traffic will be an obstruction for five school sites. Carrisa Elementary, Creston Elementary, Santa Margarita Elementary, Atascadero Junior High, and Atascadero High School. All bus routes are found at www.atas.k12.ca.us.

As a parent I am concerned, please understand this is the next three years, of both my children's education. If construction begins in 09- one son would spend his 8th-11th grade year on a bus for 5 hours and my other sons 7th-9th grade year. This will be a significant impact on their education, college applications, and future employment. I would hope that Ausra will understand maybe three years is temporary for them but not for my family or my son's future.

Thank you, Jenny Cruz, Carrisa Plains Resident
