<b>NAME:</b>	Somer Goulet M.S.E.L.	<b>DATE:</b>	2/04/08
		<b>TIME:</b>	4:00 PM
<b>WITH:</b>	Christy Lantis, Supervisor, San Bernardino County Assessor's Office		
<b>SUBJECT:</b>	Zoning		

**Comments:**

Staff spoke with Christy Lantis, Needles Office Supervisor for the San Bernardino County Assessor's Office in regards to zoning of a potential alternative site for the CESF. Ms. Lantis informed staff that the site in question is zoned industrial; however there are no electrical systems nearby and the parcel was sold recently. Ms. Lantis also informed staff that the parcel in question was not near county maintained roads and suggested looking close to highways for available parcels. Ms. Lantis provided staff with the phone number of Eric Endler, Supervisor for the Special Property Division of the San Bernardino County Assessor's Office. Mr. Endler's phone number is 909-387-6703.

Staff called Mr. Endler at 8:30 a.m. on 2/05/08. Mr. Endler stated that the County has seen an increase in solar farms but mostly on BLM land. Currently there is a proposed 1,200 acre solar farm near Stateline. The land is being leased from BLM. Mr. Endler mentioned that most of the transmission lines through the County belong to LADWP, which may require an MOU or other agreement to use these lines. Additionally, there is a solar farm in Kramer Junction which may be a viable place to look for acreage. Mr. Endler told staff that there may be viable land in the Lucerne Valley that would be feasible for a solar project. In addition to Lucerne Valley, Mr. Endler suggested North San Bernardino County, Sandy Valley Area, area northeast of Barstow, and Riverside County.
