**Comments:**

Staff spoke with Jackie Martin, Assistant Superintendent of Business Services, Atascadero Unified School District, in regards to school impact fees. Ms. Martin told staff that the District refers to the fees as School Facilities Fees. Ms. Martin told staff that the fees are applied to new construction of buildings and structures. Staff asked Ms. Martin if solar reflectors or switchyards would be included as structures. Ms. Martin was not sure and informed staff that she would research the fees and call staff back. Additionally, Ms. Martin told staff that the applicant would need to apply with the County and the County would forward the application on to the school district.
