REQUEST FOR COMMENT ON PROPOSED CARRIZO ENERGY SOLAR FARM

Dear Ms. Hurl,

I am writing to you as the appropriate contact person for the Carrizo Plain National Monument Advisory Committee.

As the Manager of the Environmental Protection Office at the California Energy Commission, I am requesting that you add to the February 23 Advisory Committee meeting agenda a request to the Committee for their comments on the proposed Carrizo Energy Solar Farm, proposed for a location in the northwestern Carrizo Plain.

Under the California Environmental Quality Act, Energy Commission staff actively seeks public input as part of its environmental review of proposed power plants. We are interested in receiving any comments concerning this project that the Carrizo Plain National Monument Advisory Committee, as a potentially interested party, may have.

For the Committee's consideration, I am enclosing some information on the proposed power plant, provided by the applicant in their license application to the Energy Commission.

Please call Mary Dyas, Siting Project Manager for this project, at (916) 651-8891, if you have any questions. Further information is available at:
<http://www.energy.ca.gov/sitingcases/carrizo/documents/index.html>

Thank you for your attention in this matter.

Sincerely,

Dale Edwards, Manager
Environmental Protection Office
Energy Facilities Siting Division
