CARRISA PLAINS RESIDENT
MICHAEL STROBRIDGE'S
DECLARATION

To: *Mr. John Kessler California Energy Commission*

Michael Strobridge requests that you answer the answer the following data request within 30 days. All the information sought is relevant to the proceeding and is in the control of the applicant and not readily available from other sources. In answering this data request, you are required to furnish full and complete answers.

1. In lieu of the deal that gave First Solar the control over the 550-megawatt photovoltaic facility that OptiSolar was building for PG&E; I am requesting that the Wildlife Corridor Modeling being performed by SC Wildlands be put on hold. First Solar must first submit their facility design to accurately address the impacts to the wildlife corridor in the Carrizo Plains, since it is safe to assume that the project technology and design could potentially change.
