Sam Dunlap  
Tribal Secretary, Gabrielino/Tongva Tribal Council  
761 Terminal Street, Bldg. 1, 2nd Flr  
Los Angeles, CA 90021

**PROPOSED NEW POWER PLANT, ANAHEIM, COUNTY OF ORANGE**

Dear Sam Dunlap,

Your name was provided to the California Energy Commission by the Native American Heritage Commission as a representative of a Native American community who might be interested in the proposed construction and operation of a natural-gas-fired power plant in northeastern Anaheim, in Orange County (see attached map).

The Energy Commission has jurisdiction over the proposed project and has received an application for a permit to build and operate the power plant, known as the Canyon Power Plant. You will receive, if you have not already received, specific information about the proposed power plant from the project applicant. Information about the project can also be viewed on the Energy Commission website at:

<http://www.energy.ca.gov/sitingcases/canyon/documents/index.html>.

Please review the information you receive from the project applicant, and if you have concerns regarding cultural resources that could potentially be affected by the proposed power plant and related facilities, please contact Beverly E. Bastian (Phone: 916-654-4840; Fax: (916) 651-8868; E-mail: [bbastian@energy.state.ca.us](mailto:bbastian@energy.state.ca.us)). You may also call the Energy Commission's Public Adviser, toll-free at 1-800-822-6228, for assistance in participating in the Commission's review of the proposed project.

The Energy Commission cultural resources staff welcomes your comments. Over the coming months we will also be holding workshops and hearings on the project and our preliminary assessment. You will be notified concerning the dates, locations, and topics to be covered.

Sincerely,

Dale Edwards, Manager  
Environmental Protection Office  
Energy Facilities Siting Division

cc: Energy Commission Dockets  
Che McFarlin, Siting Project Manager
