DATE FEB 23 2011

RECD. FEB 25 2011

Good afternoon Pierre,

The purpose of this email is to confirm that the City of Oakley included the proposed widening of Bridgehead Road from a 2-lane rural road to a 4-lane arterial in our General Plan Circulation Element and Long Range Circulation Plan (Appendix B of the General Plan). The environmental impacts of the planned roadway widening and improvements were analyzed in the General Plan EIR. The proposed right of way dedication and roadway improvements for Bridgehead Road along OGS's frontage are within the scope of the General Plan EIR, SCH #2002042134, and no further environmental is necessary under CEQA. Please feel free to contact me if you need additional information. Thank you.

**Rebecca Willis**
